SENIOR VICE PRESIDENT & CHIEF FINANCIAL OFFICER'S POSITION DESCRIPTION

1. INTRODUCTION

The Senior Vice President & Chief Financial Officer (the "CFO") is the senior financial officer for Capstone Copper Corp. ("Capstone"). The CFO is responsible for planning, developing, directing and controlling the accounting and financial reporting and budgeting functions. The role is also responsible for Capstone's capital structure, tax planning and compliance programs (together with the Senior Vice President Risk, ESG, General Counsel and Corporate Secretary) and information technology systems including cyber-security.

2. DUTIES AND RESPONSIBILITIES

The CFO's primary duties and responsibilities are to:

A. Ensure adherence to Capstone's Our Values and Ethics - Code of Conduct.

B. Provide leadership in all areas of finance and accounting, being a valuable financial strategist for Capstone, and ensure strong working relationships with the Audit Committee, the Chief Executive Officer and the executive Management team.

C. Lead the financial function, provide oversight, direction, and development to the team and participate as a member of the executive management team.

D. Play a key role in shaping Capstone's future direction and support strategic initiatives, including monitoring and directing the implementation of strategic business plans.

E. Ensure Capstone has the appropriate level of financing to execute its plans and recommend appropriate financing tools for growth.

F. Manage and direct all financial requirements associated with being a publicly traded company, such as preparing and releasing accurate and timely financial statements and financial reports, and ensure compliance with all reporting requirements and alignment with accepted principles.

G. Lead financial and tax due diligence in corporate and asset transactions, oversee the efficient structure of transactions, and oversee post-closing integration financial-related activities.

H. Establish and ensure effective internal controls and SOX procedures, and ensure these controls are used to make informed, risk-adjusted decisions.

I. Ensure the necessary systems, processes, and corresponding technology are in place to support evolving needs.

J. Lead the accounting, tax, and treasury functions and ensure short and long-term departmental goals, objectives, policies, and operating procedures are in place.

K. Coordinate the preparation of financial statements, financial reports, special analyses, and information reports, ensuring accuracy and timely delivery, including consistency across various perspectives (including investor relations, community relations, and workforce) and compliance with NI 43-101 technical disclosure requirements.

L. Contribute to business strategy and planning, collaborating with executive leadership to align financial plans with overall business objectives, fostering growth and driving organizational success organically and/or through acquisitions.

M. Develop and direct the establishment of financial and accounting principles, procedures and practices of Capstone in compliance with legal and corporate requirements, and ensure accurate and efficient reporting to all stakeholders.

N. Plan and coordinate the annual budgeting process.

O. Ensure procedures for monitoring and controlling budgets are in place.

P. Ensure that appropriate personnel and systems are in place for the integrity and adequacy of internal control and management information systems.

Q. Serve as spokesperson on financial matters.

R. Manage an effective relationship with the external auditors.

3. REPORTING

The CFO shall report regularly to the Chief Executive Officer and to the Board of Directors through the Audit Committee on quarterly and annual financial statements, budgets and other matters that support the long-term strategy.
